VINES and GROUND COVERS

Grass is the common ground cover. It is beautiful — when growing in a favorable location — and when given proper care. But, there are many places where it is either impossible or impractical to grow grass.

There are spots — under trees, for instance — where grass usually gives up in the fight for food, water and light. On steep bankings it is difficult to establish grass — and even more difficult to mow it. Where the soil is poor and dry, grass loses its beauty — or will not grow at all. There are places — among rocks for example — where a mower cannot reach. Sometimes circumstances prevent giving grass the constant care it needs.

Then, too, some people prefer other plants to grass — even in places where grass would grow. They choose those that will give them colorful flowers or foliage in summer — or perhaps evergreens that make the winter landscape more attractive.

Because of the increasing interest in ground covers we have prepared the following list to assist those who may be facing some of the problems we have mentioned. There are other plants that may be used as covers but we have selected those that we believe to be most attractive and practical. We believe you will find listed kinds adapted to all locations and conditions.

We hope the following list will help you in selecting your ground covers. If you have any special problems, please let us know. We will be glad to discuss them with you.

We recommend the liberal use of peat moss and normal use of the correct fertilizer at time of planting these items.

AJUGA genevensis *6" to 9" **Geneva Bugle**

This Bugle does not spread as rapidly as the following kind, but will make a colorful cover — blue flowers against pleasing green foliage. It will thrive in either sun or shade — blooms in May and June.

3 for \$1.80	10 for \$5.00	100 for \$45.00
--------------	---------------	-----------------

gen. rosea

A variety of the above that has pink flowers.

3 for \$1.80	10 for \$5.00	100 for \$45.00
--------------	---------------	-----------------

AJUGA reptans rubra **Purpleleaf Carpet Bugle** *10" to 12"

If you want a colorful ground cover — fast — we suggest this plant. It forms a mat quickly — in either sun or shade — as each runner roots and forms a new plant. The purplish leaves will add color to your planting. In May and June it is covered with spikes of showy red-purple flowers.

3 for \$1.80	10 for \$5.00	100 for \$45.00
--------------	---------------	-----------------

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

VINES and GROUND COVERS (Cont'd)

ARCTOSTAPHYLOS uva-ursi *6" to 8" **Bearberry**

Here's one of the best evergreen ground covers — even in sandy spots. A rich green mat in summer, it turns an attractive bronze in winter. In May it has clusters of pinkish, bell-shaped flowers — red berries in late summer.

.75 10 for \$7.00 \$65.00 per 100

ARTEMISIA stelleriana 8" to 10"* **Dusty Miller**

The Dusty Miller (woolly, gray leaves give it its name), is a native of our sea beaches but also will grow well in the loam of inland gardens. Like the Bearberry it is ideal for sandy spots. Its gray foliage is particularly effective when used as a contrast to the green of most of our plants.

3 for \$1.80 10 for \$5.00 100 for \$45.00

CONVALLARIA majalis *6" to 8" **Lily-of-the-Valley**

This plant is for shady places — where it spreads rapidly to make a dense carpet of rather large leaves. In late May it sends up graceful stems covered with the familiar, white, hanging, bell-shaped flowers — famous for their fragrance.

3 clumps for \$1.80 10 for \$5.00 100 for \$45.00

COTONEASTER horizontalis *2' to 2½' **Rock Spray**

The horizontal branching habit of this shrub makes it one of the best for planting on banks, among rocks or on flat areas where you wish a beautiful ground cover. Shiny, deep-green leaves; pink flowers in June; bright red berries in autumn; — all combine to give this plant its beauty.

12 to 15 in., potted \$2.50 each
15 to 18 in. B&B 3.50 each
18 to 24 in. B&B 4.50 each

EUONYMUS fortunei (radicans) **Wintercreeper** *12" to 15"

This is a vigorous, evergreen vine that will give you a green carpet throughout the year when used as a ground cover. Its fast-growing branches send out roots into the soil reducing the possibility of washing by heavy rains. Good for sun or shade.

2 years \$1.00 10 for \$9.00

EUONYMUS fortunei coloratus **Purpleleaf Wintercreeper** *12" to 15"

Similar, in habit, to the preceding variety but turning purplish-red in the fall — adding color to the winter landscape.

2 yr. plants \$1.00 each \$9.00 for 10

VINES and GROUND COVERS (Cont'd)

HEDERA helix *10" to 15" **English Ivy**

This popular vine with large, glossy leaves is one of the best evergreen ground covers for shady places. The long, prostrate runners send out roots wherever they touch the soil. We do not recommend planting this ivy where it is exposed to the winter sun.

3 in. pots75

h. baltica *10" to 15" **Hardy English Ivy**

Hardier form.

3 in. pots75

h. 238th Street *10" to 15"

Exceptionally hardy and attractive form of English ivy.

3 in. pots75

The above English ivys are used as ground covers and also cling to masonry and wood.

IBERIS sempervirens, Snowflake **Snowflake Candytuft** *8" to 12"

This is a compact, creeping evergreen for sunny spots — making a dense mat. In late May, its flat, white clusters of flowers are charming against the deep green foliage.

3 for \$1.80

10 for \$5.00

JUNIPERUS horizontalis plumosa *3' to 4'

Andorra Creeping Juniper

The feathery, prostrate branches of this evergreen are green in summer and purple in the winter. It is a colorful cover — especially for bankings — and will thrive in dry soils.

15 to 18 in. \$5.00

18 to 24 in. 7.00

2 to 2½ ft. 9.00

JUNIPERUS chinensis sargentii **Sargent Chinese Juniper** *2½' to 3'

The steel-blue foliage of this evergreen adds distinction to a planting. Each plant forms a broad, low mat. It flourishes in dry soil — even near the sea.

15 to 18 in. \$7.00 each

18 to 24 in. 9.00 each

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

VINES and GROUND COVERS (Cont'd)

LONICERA japonica halliana Hall's Japanese Honeysuckle

*2' to 2½'

The vigorous growth of this twining vine makes it valuable as a quick cover. It is particularly useful on bankings where the runners root in — preventing washing of the soil. It spreads so rapidly that it is best used in large areas where there are no other plants on which it can climb. The cream-white, fragrant flowers appear in June and, being a semi-evergreen, the plant holds its leaves into early winter.

2 year	\$.60 each	\$5.00 per 10	\$40.00 per 100
3 year		\$.75 each	\$6.50 per 10

LONICERA japonica chinensis *2' to 2½'

Purple Japanese Honeysuckle

This rarer variety of honeysuckle is similar in growth to the Hall's and is used in the same way. However, this variety has bronze-purple leaves and carmine flowers.

4 year	\$1.50 each	10 for \$13.50
2 year	1.00 each	10 for 9.00

PACHISTIMA canbyi *10" to 12" **Canby Pachistima**

In sun or shade, this little evergreen shrub makes a dense cover about a foot tall. It has reddish flowers and small leaves that turn bronze in winter.

6 to 9 in.	\$1.50 each	\$13.50 per 10
-----------------	-------------	----------------

PACHYSANDRA terminalis *9" **Japanese Spurge**

There are few ground covers that are as beautiful and as satisfactory for shady spots — even under low hanging tree branches — as the Pachysandra. It does not thrive in dry, sunny places. The stems of this plant are upright (less than a foot tall), bearing whorls of glossy green leaves and spikes of small white flowers in May. It spreads slowly by underground shoots — making a dense cover.

2½ in. pots	\$2.70 per 10	\$24.00 per 100
-------------------	---------------	-----------------

PARTHENOCISSUS quinquefolia *2½' to 3' **Woodbine**

A fast-growing, clinging vine, rooting as it spreads out, whose leaves turn a brilliant red in the autumn before they fall. It has clusters of blue-black berries. This vine is particularly effective growing among rocks — in sun or shade — but should not be planted too near shrubs as it would soon cover them. The young foliage is interesting and attractive — divided into five leaflets arranged like fingers. The leaves on fruiting branches are not divided.

2 yr. plants ..	\$1.00 each	\$9.00 per 10	\$75.00 per 100
3 yr. plants ..	1.50 each	13.50 per 10	

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

VINES and GROUND COVERS (Cont'd)

RHUS aromatica *3' **Fragrant Sumac**

Growing about three feet tall, this shrub spreads rapidly making a quick cover. It will grow in poor, dry soil and is excellent for slopes. In early May this shrub is covered with yellow flowers and in autumn the yellow and scarlet foliage makes a brilliant display.

2 to 3 ft. \$2.00 10 for \$18.00

ROSA wichuraiana *18" to 24" **Memorial Rose**

The leaves of this fast-growing, trailing rose last until late in the season — longer than most roses. It has clusters of single, white flowers, in July, and shining foliage. Rooting as it spreads, it is an effective cover for banks in sun or partial shade.

\$1.20 each \$10.00 per 10

TEUCRIUM chamaedrys *10" to 12" **Germander**

Often used as an edging, this small-leaved, evergreen shrub will serve also as a dense ground cover. It grows nearly a foot tall and has spikes of purplish flowers in the summer.

3 for \$1.80 10 for \$5.00 100 for \$45.00

THYMUS serpyllum lanuginosus *8" to 12" **Woolly Thyme**

Purple flowers from June through August and gray, woolly foliage make this evergreen plant most charming when used between stepping stones, among rocks, or to cover small areas. For a dense, gray fragrant mat there is nothing finer.

3 for \$1.80 10 for \$5.00 100 for \$45.00

THYMUS serpyllum citriodorus 8" to 12"* **Lemon Thyme**

This creeping evergreen with lemon-scented leaves and purple flowers may be used among rocks or to cover bare spots where grass is not appropriate. Like the other thymes, it will grow in poor soil in either sun or shade.

3 for \$1.80 10 for \$5.00

THYMUS vulgaris, **Border Gem** *12" to 15" **Border Gem Thyme**

This round, compact thyme grows taller (about eight inches) than the preceding varieties and is useful as edgings and on bankings. The dense, evergreen foliage of this shrub is aromatic. Spikes of pale-purple flowers appear in June and July.

3 for \$1.80 10 for \$5.00

VINES and GROUND COVERS (Cont'd)

VINCA

*9" to 12"

Myrtle

Myrtle is perhaps the best known and most popular of the evergreen ground covers. The blue flowers, appearing in late April, are most charming against the dark green, shining foliage. It may be used in either sun or shade. The runners root as they creep, thus preventing the erosion of the soil on bankings. We grow the following varieties.

Vinca minor

Myrtle or Periwinkle

The common variety with blue flowers.

10 for \$2.70

100 for \$24.00

Vinca minor alba

A variety with white flowers.

10 for \$3.60

100 for \$30.00

Vinca minor, Bowles variety

*9" to 12"

With larger, deeper blue flowers.

10 for \$4.50

100 for \$36.00

XANTHORHIZA simplicissima

*2'

Yellowroot

Spreading by underground stems this shrub makes a dense, attractive cover about two feet tall. This is really a foliage plant and the interesting compound leaves, with fine leaflets, turn orange in the fall. It grows well in moist places.

Field grown \$1.50 each

10 for \$13.50

*NOTE: The spacing we have recommended, when planting these ground covers, will give you an immediate effect.

If spaced at a greater distance it will take longer to get complete coverage.

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

VINES

	Each
ACTINIDIA arguta Bower Actinidia	
Twining vine; attractive large green leaves; small clusters of white flowers. Withstands strong winds.	
2 yr.	1.75
AKEBIA quinata Fiveleaf Akebia	
Twining plant with fragrant, rosy-purple flowers in June.	
3 yr.	1.75
AMPELOPSIS heterophylla Porcelain Ampelopsis	
A light, graceful vine with deeply lobed leaves, and clusters of turquoise berries.	
3 yr.	1.75
ARISTOLOCHIA siphon Dutchman's Pipe	
Large, round leaves make a dense screen.	
2 yr.	2.00
CAMPSIS radicans Trumpet creeper	
Tropical looking, with glowing orange-scarlet flowers in August.	
3 yr.	1.50
CELASTRUS scandens American Bittersweet	
Rugged climber; fruits orange-yellow with crimson seeds.	
3 yr.	1.75
CLEMATIS paniculata Sweet Autumn Clematis	
Small, white, delicately fragrant flowers in late Summer; good at seashore.	
2 yr.	1.25
CLEMATIS — Large-flowering Hybrids — 2 yr. pot grown	
Jackmani — velvety purple	2.75
Mme. Edward Andre — purplish-red	2.75
Henryi — white	2.75
Ramona — light blue	2.75
HEDERA (see ground covers) English Ivy	
HYDRANGEA petiolaris Climbing Hydrangea	
Large flat clusters of white, fragrant flowers in late June. Will grow in sun or shade, and will attach itself to brick or masonry.	
Pot grown	2.25
LONICERA (see ground covers) Honeysuckle	

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

VINES (Cont'd)

	Each
PARTHENOCISSUS tricuspidata	Boston Ivy
Flat grower; clings firmly to walls, masonry, rocks, etc.; rapid grower; leaves green turning deep red and yellow in fall.	
3 yr.	1.25
t. lowi	Low's Creeper
A woodbine with smaller more delicate leaves twisted along slender stems.	
2 yr.	2.00
QUINQUEFOLIA (see ground covers)	Woodbine
POLYGONUM auberti	Chinese Fleece Vine
Feathery sprays of white flowers in late summer; rapid growing.	
2 yr.	1.50
WISTARIA sinensis	Chinese Wistaria
Showy clusters of violet-blue flowers in May.	
3 yr. grafted	2.50
sinensis Alba	
White form of the above.	
3 yr. grafted	2.50

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

EVERGREENS

All evergreens are ordinarily dug with a ball of earth and burlapped (B&B) without extra charge.

Each

CHAMAECYPARIS pisifera filifera	Thread Falsecypress
Dark foliage; thread-like branchlets.	
2 to 2½ ft.	7.00

plumosa

Plume Falsecypress

Frond-like, feathery foliage.

15 to 18 in.	2.75
18 to 24 in.	3.50
2 to 3 ft.	5.00
3 to 4 ft.	7.00
4 to 5 ft.	8.50
5 to 6 ft.	10.00

plumosa aurea

Goldplume Falsecypress

Rich, golden yellow form of the preceding variety.

15 to 18 in.	2.75
18 to 24 in.	3.50
2 to 3 ft.	6.00
3 to 4 ft.	9.00

JUNIPERUS chinensis hetzi

Hetz Blue Juniper

A spreading form similar to Pfitzer Juniper but somewhat more upright with feathery, bluish-green foliage. Sustained even less injury from salt spray during hurricanes of 1954 than Pfitzer Juniper.

15 to 18 in.	4.75
18 to 24 in.	7.50
2 to 2½ ft.	10.00
2½ to 3 ft.	12.50

chinensis pfitzeriana

Pfitzer Juniper

Low, spreading, fan-shaped, gray-green. Will succeed in almost any sunny spot and will withstand violent sea breezes amazingly well.

18 to 24 in.	7.50
2 to 2½ ft.	10.00
2½ to 3 ft.	12.50
3 to 4 ft.	15.00
5 to 6 ft. (Heavy Specimens)	35.00
6 to 7 ft.	40.00

chinensis sargentii

Sargent Juniper

Low-growing, steel-blue ground cover for bankings or among rocks.

15 to 18 in.	8.00
-------------------	------

EVERGREENS (Cont'd)

Each

horizontalis plumosa

Andorra Creeping Juniper

Rich green, prostrate cover for bankings or for foreground plantings. Foliage warm purple in winter.

15 to 18 in.	5.00
18 to 24 in.	7.00
2 to 2½ ft.	9.00

virginiana

Eastern Red Cedar

Our native Cedar. Columnar tree ideal for accents and screens. We can supply collected specimens from 8 to 20 ft. in height. Ask for prices on larger specimens.

3 to 4 ft.	6.50
4 to 5 ft.	7.50
5 to 6 ft.	10.00
6 to 7 ft.	13.50

virginiana cannarti

Canaert Juniper

Rich, dark green, tufted foliage. Columnar habit.

4½ to 5 ft.	14.50
5 to 6 ft.	16.00

PICEA abies (excelsa)

Norway Spruce

Dark green, rapid-growing, large tree.

3 to 4 ft.	7.50
4 to 5 ft.	10.00
5 to 6 ft.	14.00

glauca

White Spruce

Rapid-growing, bluish-green, pyramidal, compact tree. Succeeds near seashore.

2 to 3 ft.	6.00
3 to 4 ft.	8.00
4 to 5 ft.	11.00

glauca densata

Black Hills Spruce

Slower growing than White Spruce with denser habit.

2 to 2½ ft.	7.00
------------------	------

pungens

Colorado Spruce

Symmetrical, dense tree with horizontal branches. Rigid needles. Dull velvety green.

2 to 3 ft.	6.50
3 to 4 ft.	8.50
4 to 5 ft.	11.00

EVERGREENS (Cont'd)

Each

pungens glauca

Blue Colorado Spruce

Shapely tree for specimen use. Foliage from pale to silvery blue. Both varieties of Colorado Spruce good for exposed locations.

18 to 24 in.	8.00
2 to 3 ft.	10.00
3 to 4 ft.	15.00

PINUS densiflora

Japanese Red Pine

Rapid-growing tree, forming a wide-spread, strongly branched head. Bears clusters beautiful cones.

2 to 3 ft.	7.50
3 to 4 ft.	10.00
4 to 5 ft.	14.00
5 to 6 ft.	16.00
7 to 8 ft.	30.00
8 to 9 ft.	35.00
9 to 10 ft.	40.00

mugho mugho

Mugho Pine

Broad, spreading, slow-growing — to about 4 feet tall.

12 to 15 in.	5.00
15 to 18 in.	6.50
18 to 24 in.	9.00

nigra

Austrian Pine

Long, dark green needles on boldly spreading branches. Good for seashore. We have some larger trees — prices available on request.

2 to 3 ft.	8.00
3 to 4 ft.	10.00

resinosa

Red Pine

Long, dark green needles; wide-spreading.

4 to 5 ft.	12.00
5 to 6 ft.	15.00

strobis

White Pine

Rapid-growing, rich dark green needles with silvery gray bloom. A plant for groups, screens, and large hedges.

2 to 3 ft.	4.50
3 to 4 ft.	5.75
4 to 5 ft.	8.75
5 to 6 ft.	11.00
6 to 7 ft.	13.00
7 to 8 ft.	16.50
8 to 10 ft.	22.00
10 to 12 ft.	25.00

EVERGREENS (Cont'd)

	Each
sylvestris	Scotch Pine
Bluish-green needles. Picturesque open habit.	
15 to 18 in.	3.00
18 to 24 in.	4.00
thunbergi	Japanese Black Pine
The best for planting near salt water and in bleak locations. Graceful, wide-spreading — with broad, irregular head which makes it picturesque. Green foliage is most attractive.	
15 to 18 in.	3.00
18 to 24 in.	4.00
2 to 3 ft.	7.50
3 to 4 ft.	10.00
4 to 5 ft.	15.00
5 to 6 ft.	20.00
6 to 7 ft.	30.00
We can also supply 2 yr. seedlings 6 to 9 inches tall, 10 for \$3.00, 25 for \$6.50, 100 for \$25.00.	
5 yr. twice transplanted, 10 to 15 in., 10 for \$15.00, 25 for \$33.75, 100 for \$120.00.	
TAXUS baccata repandens	Spreading English Yew
True type. Forms a nearly prostrate, low, spreading mound. Dark green needles.	
15 to 18 in.	8.00
cuspidata	Japanese Yew
Low, spreading — for foundations and foreground.	
15 to 18 in.	6.50
18 to 24 in.	9.00
2 to 2½ ft.	13.00
2½ to 3 ft.	17.00
3 to 3½ ft.	20.00
3½ to 4 ft.	24.00
cuspidata capitata	Upright Yew
Upright, conical — for foundation plantings where height is needed.	
18 to 24 in.	9.00
2 to 2½ ft.	12.00
densiformis	
15 to 18 in.	6.50
18 to 24 in.	9.50
2 to 2½ ft.	13.50
cuspidata nana	Dwarf Japanese Yew
Low, slow-growing, dark green.	
12 to 15 in.	6.00

EVERGREENS (Cont'd)

	Each
media browni	Brown Yew
Broad, upright, dark green.	
15 to 18 in.	6.50
18 to 24 in.	9.50
media hatfieldi	Hatfield Yew
Compact upright growth; foliage very dark green. Splendid for individual use or for hedges.	
15 to 18 in.	7.00
18 to 24 in.	9.50
2 to 2½ ft.	12.50
media hicksi	Hicks Yew
Columnar form — but not as broad as Hatfield Yew.	
15 to 18 in.	6.00
18 to 24 in.	9.00
2 to 2½ ft.	12.00
2½ to 3	15.00
THUYA occidentalis	American Arborvitae
Dense, columnar tree; frond-like branches. Used for hedges and screens. All Thuyas can be readily clipped.	
2 to 3 ft.	4.00
3 to 4 ft.	6.00
4 to 5 ft.	8.00
5 to 6 ft.	10.00
6 to 7 ft.	12.00
7 to 8 ft.	15.00
8 to 10 ft.	20.00
columnaris	Columnar Arborvitae
Darker and denser foliage. A desirable, tall-growing, narrow evergreen.	
4 to 5 ft.	9.00
5 to 6 ft.	11.00
6 to 7 ft.	13.00
7 to 8 ft.	16.00
8 to 10 ft.	22.00
nigra	Dark American Arborvitae
A deep green form with better winter color.	
2 to 3 ft.	5.00
3 to 4 ft.	7.00
4 to 5 ft.	10.00
5 to 6 ft.	13.00
6 to 7 ft.	15.00
7 to 8 ft.	18.00
8 to 10 ft.	24.00

EVERGREENS (Cont'd)

Each

pyramidalis

Pyramidal Arborvitae

Dense, compact, narrow form.

3 to 4 ft.	6.50
4 to 5 ft.	8.50
5 to 6 ft.	12.00
6 to 7 ft.	15.00
8 to 10 ft.	20.00

wareana

Ware Arborvitae

Compact, broad, slower growing — with deep green color.

2 to 2½ ft.	4.50
2½ to 3 ft.	6.00
3 to 4 ft.	7.50

woodwardi

Woodward Arborvitae

The best of the globes.

15 to 18 in.	4.50
18 to 24 in.	5.00

TSUGA canadensis

Canada Hemlock

Graceful, airy, native evergreen; foliage rich, dark green. Makes a fine specimen, or may be used for hedges. When pruned, can be used in foundation planting. Do not use near salt water where winds ruin foliage.

2 to 2½ ft.	7.00
2½ to 3 ft.	9.00

f. carrieri

Glossy Wintercreeper

Larger, glossier leaves. Fast-growing vine or, if unsupported, a bushy shrub.

2 years	1.00
---------------	------

f. coloratus

Purpleleaf Wintercreeper

Excellent ground cover with leaves an inch long turning purplish-red in the winter.

2 years	1.00
---------------	------

f. vegetus

Bigleaf Wintercreeper

Large, dull green leaves. Orange-scarlet fruit. Vine or bush.

3 years	1.25
---------------	------

ILEX crenata convexa

Boxleaf Japanese Holly

Twice as broad as high. Small, lustrous, dark green leaves.

15 to 18 in. B&B	6.50
------------------------	------

18 to 24 in. B&B	10.00
------------------------	-------

glabra

Inkberry

Dense, round compact. Glossy, deep green leaves. Resistant to salt spray.

12 to 15 in. B&B	4.00
------------------------	------

18 to 24 in. B&B	6.50
------------------------	------

KALMIA latifolia

Mountain Laurel

Clusters of pink and white flowers in June. A lovely native. For foundation or naturalistic plantings.

15 to 18 in. B&B	5.00
------------------------	------

18 to 24 in. B&B	6.50
------------------------	------

2 to 2½ ft. B&B	8.50
-----------------------	------

2½ to 3 ft. B&B	11.50
-----------------------	-------

3 to 3½ ft. B&B	14.00
-----------------------	-------

EVERGREEN SHRUBS (Cont'd)

Each

LEUCOTHOE catesbaei

Drooping Leucothoe

Large leaves become a rich bronze in autumn and winter; graceful, drooping branches.

15 to 18 in. B&B	5.00
18 to 24 in. B&B	6.50

PACHISTIMA canbyi

Canby Pachistima

Small, evergreen shrub to 12 inches. A ground cover of rich texture.

4 to 6 in.95
6 to 9 in.	1.50

PACHYSANDRA terminalis

Japanese Spurge

Whorls of dark green leaves on upright 6 inch stems; makes dense evergreen ground cover in shade. White flowers in June.

2½ in. pots.	per 10	3.00
2½ in. pots.	per 100	24.00

PIERIS japonica

Japanese Andromeda

Upright growing evergreen shrub with glossy leaves and drooping panicles of white flowers in April and May. Bronzy new growth contrasts with older foliage.

15 to 18 in. B&B	5.50
18 to 24 in. B&B	7.50
2 to 2½ ft. B&B	9.00

PYRACANTHA coccinea lalandi

Laland Firethorn

Large clusters of showy, orange berries in fall which persist all winter; not hardy north of Boston.

Pot grown	4.00
-----------------	------

c. Lexington

Pot grown	4.75
-----------------	------

RHODODENDRON carolinianum

Carolina Rhododendron

Pink flowers in May. More compact, lower-growing — and with smaller leaves than the following varieties.

15 to 18 in.	6.50
18 to 24 in.	8.00
2 to 2½ ft.	11.00

catawbiense

Catawba Rhododendron

Covered with rosy-lilac flowers in early June.

18 to 24 in.	8.00
2 to 2½ ft.	10.00

Hybrid Rhododendrons

Red, purple, pinks and white. 15 to 18 in.	9.00
---	------

EVERGREEN SHRUBS (Cont'd)

	Each
maximum	Rosebay Rhododendron
Tall, with large leaves. Blush pink flowers — late June and July.	
18 to 24 in.	5.50
2 to 2½ ft.	7.50
2½ to 3 ft.	9.75

WE INVITE YOUR INQUIRIES ABOUT VARIETIES
AND SIZES NOT LISTED

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

SHADE AND FLOWERING TREES

Each

ACER platanoides

Norway Maple

Most popular street tree. Broad, round head casts dense shade.

6 to 8 ft.	7.50
8 to 10 ft.	10.00
10 to 12 ft.	14.00

plat. schwedleri

Schwedler Maple

A form of the Norway Maple with purple-red leaves in the spring, later turning dark green.

6 to 8 ft.	9.00
8 to 10 ft.	13.00

plat. schwedleri nigra Plant Pat. 735 Crimson King Maple

The dark red foliage color is retained throughout the summer and the tips of the branches glisten like red flowers.

6 to 7 ft.	11.00
7 to 8 ft.	13.50

rubrum

Red Maple

The leaves of this tree are green until fall, when they become the most brilliant in the landscape — shades of red, crimson and scarlet.

6 to 8 ft.	8.00
8 to 10 ft.	10.00
10 to 12 ft.	14.00
12 to 14 ft.	18.00

saccharum

Sugar Maple

An excellent shade and street tree, higher-headed than the Norway. Foliage turns bright yellow and scarlet in autumn.

6 to 8 ft.	7.50
8 to 10 ft.	10.00
10 to 12 ft.	14.00
12 to 14 ft.	19.00

BETULA papyrifera

Canoe Birch

Slender, graceful tree with creamy-white bark. Dark green leaves.

6 to 8 ft. B&B	9.00
8 to 10 ft. B&B	12.00

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

SHADE AND FLOWERING TREES (Cont'd)

Each

populifolia

Gray Birch

Slender tree with smooth, grayish-white bark and glossy leaves.

6 to 8 ft. B&B	7.00
8 to 10 ft. B&B	10.00
6 to 8 ft. clumps \$15.00, 8 to 10 ft. clumps \$20.00 each B&B	

CATALPA speciosa

Western Catalpa

Rapid-growing tree with large leaves and handsome white flowers in large clusters in June.

8 to 10 ft.	8.00
------------------	------

CERCIDIPHYLLUM japonicum

Katsura Tree

Unusual tree of columnar form with glossy, bright-green, heart-shaped leaves. Orange and scarlet foliage in the fall.

6 to 8 ft. B&B	14.00
8 to 10 ft. B&B	20.00

CERCIS canadensis

Redbud or Judas Tree

Rosy-purple flowers, April-May, before the heart-shaped leaves.

5 to 6 ft.	8.00
-----------------	------

CHIONANTHUS virginicus

White Fringe

Shrubby tree to 25 ft.; long panicles of lacy, white flowers in June; glossy, dark foliage. Grape-like clusters of blue fruit.

3 to 4 ft.	3.50
4 to 5 ft.	6.00
5 to 6 ft.	9.00
6 to 7 ft.	12.00
7 to 8 ft.	15.00

CLADRASTIS lutea

Yellow-wood

6 to 8 ft.	10.00
-----------------	-------

CORNUS florida

Flowering Dogwood

Outstanding for the large snowy-white flowers produced in May before the leaves. Glittering berries cluster in a nest of colorful autumn foliage of pink, crimson and maroon. Informal in habit and pattern of branches. For specimens or border.

3 to 4 ft. B&B	6.00
4 to 5 ft. B&B	8.00
5 to 6 ft. B&B	11.00
6 to 7 ft. B&B	15.00
7 to 8 ft. B&B	20.00

SHADE AND FLOWERING TREES (Cont'd)

Each

florida rubra

Red Flowering Dogwood

Perhaps the most breath-taking of all flowering trees. The deep rose flowers create an effect almost beyond description, when planted alone; with the white flowering variety; or with evergreens.

3 to 4 ft. B&B	8.50
4 to 5 ft. B&B	12.50
5 to 6 ft. B&B	17.00

kousa

Kousa Dogwood

Similar in habit to the common dogwood, but blooming three weeks later. White flowers — lustrous leaves turning scarlet in autumn. Showy, raspberry-like, red fruit. One of the most valuable and handsomest flowering trees.

4 to 5 ft. B&B	10.00
----------------------	-------

CRATAEGUS oxycantha pauli

Paul's Double Scarlet Hawthorn

Double, deep crimson flowers.

5 to 6 ft. B&B	8.00
----------------------	------

phaenopyrum (cordata)

Washington Hawthorn

White flowers in dense clusters; bright red fruits which persist into the winter. Autumn colors are varied and rich.

3 to 4 ft. B&B	5.00
4 to 5 ft. B&B	6.50
5 to 6 ft. B&B	8.50
6 to 8 ft. B&B	11.00

GLEDITSIA triacanthos

Honeylocust

Fast-growing tree with stout spines 3 to 4 inches long; lacy foliage is deep green; small, whitish, fragrant pea-like flowers.

5 to 6 ft.	5.00
6 to 8 ft.	7.50
8 to 10 ft.	10.00

Note: We can furnish trees, somewhat larger, with well developed heads. Write for prices.

triacanthos inermis

Thornless Honeylocust

An excellent tree already being used to replace the American Elm. Thornless, rapid-growing, and vigorous.

5 to 6 ft.	6.00
6 to 8 ft.	7.50
8 to 10 ft.	9.75
10 to 12 ft.	15.00

triacanthos Moraine Plant Pat. 836

Moraine Locust

Free from thorns and seed pods.

6 to 8 ft.	10.00
-----------------	-------

SHADE AND FLOWERING TREES (Cont'd)

Each

triacanthos Sunburst Plant Pat. 1313 **Sunburst Locust**

Bright golden foliage (on 8 to 10 inches of branch tips) contrasts with the rich green inner leaves. Appears to be in bloom all summer.

6 to 7 ft. 12.00

LABURNUM watereri (vossi)

Golden Chain

Long clusters of yellow, wisteria-like blossoms in late May.

5 to 6 ft. 9.00

LIRIODENDRON tulipifera

Tulip Tree

Greenish-yellow, bell-shaped flowers; glossy leaves. Rapid-growing.

6 to 8 ft. 9.00

8 to 10 ft. 12.00

10 to 12 ft. 15.00

12 to 14 ft. 18.00

MAGNOLIA soulangeana

Saucer Magnolia

Picturesque shrub or small tree blanketed in mid-April by giant flowers — purple outside, white inside. Glossy, dark green leaves follow.

2 to 3 ft. B&B 6.50

3 to 4 ft. B&B 10.00

stellata

Star Magnolia

Fragrant, white, star-shaped blossoms; more dwarf than Saucer Magnolia.

1½ to 2 ft. B&B 7.50

MALUS

Flowering Crab

atrosanguinea

Carmine Crab

Bright crimson blooms; upright with broad head.

4 to 5 ft. 5.00

floribunda

Japanese Flowering Crab

Profuse, bright pink buds opening to white flowers. Pinkish-red fruits. Spreading habit.

3 to 4 ft. 4.00

4 to 5 ft. 6.50

5 to 6 ft. 10.00

6 to 8 ft. 15.00

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

SHADE AND FLOWERING TREES (Cont'd)

Each

hopa **Hopa Crab**
Sturdy, upright tree with dark pink flowers; slightly purple leaves.

5 to 6 ft.	6.50
6 to 8 ft.	9.50

purpurea eleyi **Eley Crab**
Extremely large, dark red flowers; purple leaves; apricot-colored fruit.

5 to 6 ft.	6.50
6 to 8 ft.	9.50

Rosybloom **Almey Crab**
Radiant live-red flowers.

5 to 6 ft.	6.50
6 to 8 ft.	9.50

sargenti **Sargent Crab**
Dwarf, broad spreading tree covered in spring with billows of snowy-white flowers and in the fall with red fruit.

3 to 4 ft.	7.50
4 to 5 ft.	10.00
5 to 6 ft.	15.00

Specimens from \$35.00 to \$50.00 each.

NYSSA sylvatica **Tupelo**
Handsome foliage assumes brilliant colors in fall; will grow in wet places.

5 to 6 ft. B&B	10.00
----------------------	-------

OXYDENDRON arboreum **Sourwood**
Showy white flowers in panicles in August; brilliant red autumn coloring appearing in late summer.

3 to 4 ft. B&B	6.00
4 to 5 ft. B&B	7.50
5 to 6 ft. B&B	10.00

PRUNUS pissardi veitchi **Purpleleaf Plum**
Darkest foliage of the purple-leaf Plums, preceded by glowing pink flowers in early spring.

5 to 6 ft.	7.50
-----------------	------

sargenti **Sargent Cherry**
Handsome, early-flowering tree; light clear pink.

4 to 5 ft.	10.00
-----------------	-------

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

SHADE AND FLOWERING TREES (Cont'd)

Each

QUERCUS borealis (rubra)

Red Oak

Round-topped tree with spreading branches; foliage dark red in fall.

6 to 8 ft.	10.00
8 to 10 ft.	13.50

coccinea

Scarlet Oak

Round-topped, open head; deeply cut leaves; gray bark; brilliant red autumn foliage.

6 to 8 ft.	13.00
-----------------	-------

palustris

Pin Oak

Handsome, durable and quick-growing; long pendulous branches; glossy bright green foliage.

6 to 8 ft.	9.00
8 to 10 ft.	12.00
10 to 12 ft.	18.00

We have Pin Oaks in larger specimens. These are priced according to caliper and individual tree.

SALIX caprea var.

French Pussy Willow

Cultivated French variety with longer, more lustrous, silvery-pink catkins.

18 to 24"	2.00
2 to 3 ft.	3.00

niobe

Golden Weeping Willow

Large, spreading tree with graceful, weeping, yellow branches.

5 to 6 ft.	4.50
6 to 8 ft.	5.50
8 to 10 ft.	8.00

pentandra

Laurel Willow

Upright. Shiny, dark green leaves. Good near salt water.

4 to 5 ft.	2.50
5 to 6 ft.	3.50

SORBUS aucuparia

European Mountain Ash

Small round-headed tree; flowers white in clusters; the orange fruits are striking.

6 to 8 ft.	7.50
-----------------	------

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

SHADE AND FLOWERING TREES (Cont'd)

Each

SYRINGA japonica

Japanese Tree Lilac

Large shrub or small tree, reddish brown bark, large panicles creamy-white flowers June-July.

3 to 4 ft.	3.00
4 to 5 ft.	4.50

TILIA vulgaris

European Linden

Round dense tree; small heart-shaped leaves; fragrant flowers in June.

5 to 6 ft.	7.50
6 to 8 ft.	9.50
8 to 10 ft.	13.00

ULMUS pumila

Siberian or Chinese Elm

Medium-sized, round-headed, rapid-growing tree; good foliage.

8 to 10 ft.	7.50
10 to 12 ft.	9.00

ABOUT VARIETIES AND
SIZES NOT LISTED**

FLOWERING SHRUBS

Except those varieties specifically marked B&B, shrubs and shade trees are regularly dug bare-rooted at the prices listed. If desired, we will dig other sorts with ball of earth and burlap them (B&B), making the following charges for each plant

CHARGES FOR BALLING AND BURLAPPING

	Each		Each
15 to 18 in.30	5 to 6 ft.	1.25
18 to 24 in.40	6 to 8 ft.	2.25
2 to 3 ft.50	8 to 10 ft.	3.50
3 to 4 ft.60	10 to 12 ft.	5.50
4 to 5 ft.	1.00	12 to 14 ft.	10.00

AMELANCHIER canadensis **Downy Shadblow**

Early, white flowers; edible, small, red fruit.

18 to 24 in.	2.00
3 to 4 ft.	3.50
4 to 5 ft.	4.50

ARONIA arbutifolia **Red Chokeberry**

White flowers in May; red fruits in fall; red autumn foliage.
Thrives at seashore.

2 to 3 ft.	1.75
-----------------	------

AZALEA calendulacea **Flame Azalea**

Upright grower; flowers typically orange, early June.

18 to 24 in. B&B	6.50
2 to 2½ ft. B&B	8.00

kaempferi **Torch Azalea**

Brilliant, salmon-red flowers in late May.

15 to 18 in. B&B	6.00
18 to 24 in. B&B	8.00

ledifolia alba **Snow Azalea**

Dwarf, spreading, compact plant with glistening white flowers in late May.

18 to 24 in. B&B	8.50
------------------------	------

Wilhelmina Vuyk

Ivory white. Tall growing.

18 to 24 in. B&B	8.50
------------------------	------

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

FLOWERING SHRUBS (Cont'd)

Each

mollis

Chinese Azalea

Large orange-red or yellow flowers in early June.

15 to 18 in. B&B	5.00
18 to 24 in. B&B	7.50

mucronulatum

Mongolian Azalea

Rose-lavender flowers blend beautifully with Forsythia; first to flower, about April 10; perfectly hardy.

12 to 15 in. B&B	
18 to 24 in. B&B	7.50
2 to 2½ ft. B&B	10.00

poukhanensis

Korean Azalea

Compact, low growing; orchid-colored flowers mid to late May; form and foliage most attractive.

12 to 15 in. B&B	5.00
15 to 18 in. B&B	6.50

BERBERIS thunbergi

Japanese Barberry

Red autumn foliage and long-lasting scarlet fruit. Widely used for medium-height hedges.

	Each	Per
		10
15 to 18 in.60	5.40
18 to 24 in.85	7.50

thunbergi atropurpurea

Redleaf Japanese Barberry

Same as preceding variety but with red foliage throughout the season.

15 to 18 in.	1.00	9.00
18 to 24 in.	1.25	12.00

thunbergi erecta

Truehedge Columnberry

A narrow upright form.

18 to 24 in.	1.00	9.00
-------------------	------	------

BUDDLEIA

Butterflybush

Tall, graceful shrubs with long panicles of flowers from July through September. Four varieties—pink, purple, red and white.

2 year	Each
	2.00

CALYCANTHUS floridus

Sweetshrub

Pineapple-scented redish-brown flowers in May. Broad, dense bush with glossy leaves. For sun or shade.

2 to 3 ft.	2.00
3 to 4 ft.	3.00

FLOWERING SHRUBS (Cont'd)

	Each
CARAGANA arborescens Siberian Pea-Tree	
Tall, upright shrub with bright green foliage and bright yellow pea-like flowers in May.	
5 to 6 ft.	5.00
6 to 7 ft.	6.50
CHAENOMELES lagenaria (Cydonia) Flowering Quince	
Broad, dense, colorful shrub, orange-red flowers in early May.	
18 to 24 in.	1.75
CLETHRA alnifolia Summersweet	
Spikes of fragrant, creamy-white flowers in July and August.	
18 to 24 in.	1.50
CORNUS mas Cornelian Cherry	
Tall shrub with yellow flowers in April. The birds enjoy the large scarlet fruits.	
2 to 3 ft. B&B	3.00
3 to 4 ft. B&B	4.00
racemosa Gray Dogwood	
Attractive in fruit—white berries on red stems.

stolonifera Redosier Dogwood	
Brilliant red branches for winter color. Broad, medium-size shrub.	
3 to 4 ft.	2.25
stol. flaviramea Yellowtwig Dogwood	
Yellow branches.	
3 to 4 ft.	2.25
COTINUS coggygia Common Smoketree	
Spreading rather dense shrub; 8 inch panicles of purplish plumes (or "smoke") in mid-summer.	
2 to 3 ft. B&B	2.50
3 to 4 ft. B&B	3.50
c. royal purple Smoketree	
Handsome, foliage and purple plumes.	
18 to 24 in. B&B	5.00

When ordering 5 or more of one variety and size of any item in this price list deduct 10% from the each rate if no quantity rate is given.

FLOWERING SHRUBS (Cont'd)

Each

COTONEASTER adpressa praecox **Early Cotoneaster**
Prostrate shrub with bright red fruit in late summer and autumn.

15 to 18 in. potted 3.75

divaricata **Spreading Cotoneaster**

Graceful, spreading and arching branches; showy red fruit; medium height.

18 to 24 in. B&B 2.25

2 to 3 ft. B&B 3.00

3 to 4 ft. B&B 4.00

horizontalis **Rock Cotoneaster**

Prostrate branches, glossy leaves and bright red berries.

12 to 15 in. B&B 2.50

15 to 18 in. B&B 3.50

18 to 24 in. B&B 4.50

h. perpusilla **Ground Cotoneaster**

A variety of the above with smaller leaves.

15 to 18 in. B&B 4.50

CYTISUS praecox **Warminster Broom**

Covered with pale yellow flowers in May. Broad, dense — to six feet.

Potted plants 2.50

DEUTZIA gracilis **Slender Deutzia**

Racemes of white flowers in late May on a low, compact plant.

15 to 18 in. 1.50

lemoinei **Lemoine Deutzia**

Similar to preceding but slightly taller.

15 to 18 in. 1.25

18 to 24 in. 1.75

ELAEAGNUS angustifolia **Russian Olive**

Gray foliage and fragrant yellow flowers in early June. Broad, upright and tall.

2 to 3 ft. 2.00

3 to 4 ft. 2.50

4 to 5 ft. 4.00

5 to 6 ft. 5.50

Also in tree form.

5 to 6 ft. 6.00

FLOWERING SHRUBS (Cont'd)

Each

umbellata

Autumn Elaeagnus

Leaves silvery underneath. Fragrant yellow flowers in May.
Tall and broad.

2 to 3 ft.	2.50
3 to 4 ft.	3.00
4 to 5 ft.	4.50

ENKIANTHUS campanulatus

Redvein Enkianthus

Tall, upright shrub with pendulous clusters of yellowish,
bell-shaped flowers in May.

2 to 3 ft.	7.50
-----------------	------

EUONYMUS alatus

Winged Euonymus

Famous for its scarlet autumn foliage. Broad bush with
horizontal branches.

18 to 24 in.	2.50
2 to 3 ft.	3.50

alatus compactus

Dwarf Winged Euonymus

Dwarf, compact variety of the preceding; brilliant autumn
foliage. Fine for hedges or individual use.

15 to 18 in.	2.25
18 to 24 in.	3.00
2 to 2½ ft.	4.00
2½ to 3 ft.	5.00

europaeus

European Burningbush

Showy in fruit — clusters of pink capsules. Tall; keeps its
foliage late in the season making it an excellent background
shrub.

2 to 3 ft.	1.50
-----------------	------

yedoensis

Yeddo Euonymus

Tall, flat-topped bush with large leaves and attractive pink-
ish-purple fruit.

3 to 4 ft.	2.50
4 to 5 ft.	3.00

FORSYTHIA Beatrix Farrand

Beautiful, new, golden-yellow variety with unusually large
flowers.

2 to 3 ft.	1.75
3 to 4 ft.	2.25

*When ordering 5 or more of one variety and size of any
item in this price list deduct 10% from the each rate if no
quantity rate is given.*

FLOWERING SHRUBS (Cont'd)

Each

intermedia spectabilis

Showy Border Forsythia

Deep yellow flowers in April. Upright habit.

2 to 3 ft.	1.50
3 to 4 ft.	2.00
4 to 5 ft.	3.50

Lynwood Gold

Lynwood Gold Forsythia

This recent introduction from Ireland is destined to be one of the most popular varieties. Literally covered with large, bright yellow flowers.

2 to 3 ft.	1.75
3 to 4 ft.	3.00

primulina Spring Glory

Spring Glory Forsythia

An improved variety with a profusion of lemon-yellow flowers.

2 to 3 ft.	1.75
3 to 4 ft.	2.25

suspensa

Weeping Forsythia

Its weeping habit makes it valuable for bankings or to overhang walls.

3 to 4 ft.	2.25
-----------------	------

HAMAMELIS vernalis

Vernal Witch Hazel

Fragrant, small, yellow flowers in very early spring.

2 to 3 ft.	3.00
-----------------	------

HIBISCUS syriacus

Rose of Sharon

Large, showy flowers in August. Dense and upright.

Anemonaeflorus—double pink	3 to 4 ft.	2.25
Ardens—double lavender	2 to 3 ft.	2.25
Boule de Feu—double red	3 to 4 ft.	2.25
Jeanne d'arc—double white	2 to 3 ft.	2.00
Woodridge—single, large red	1½ to 2 ft.	1.75
W. R. Smith—finest, large, single white	15 to 18 in.	1.75

HYDRANGEA arborescens grandiflora

Snowhill Hydrangea

Large, round, white flowers in July and August.

18 to 24 in.	1.75
-------------------	------

macrophylla

Nikko Blue

Round, large, blue flowers in August; hardiest and first blooming of Blue Hydrangeas.

2 years	2.50
---------------	------

FLOWERING SHRUBS (Cont'd)

Each

paniculata grandiflora

Peegee Hydrangea

Large, conical, white flower clusters in August, later turning pink.

2 to 3 ft.	1.75
3 to 4 ft.	2.50

HYPERICUM

Sungold (Pat. 568)

Dwarf plant with large, double, yellow flowers in late summer.

12 to 15 in.	1.50
15 to 18 in.	2.00

ILEX verticillata

Winterberry

Scarlet berries used in Christmas decorations. Tall growing.

18 to 24 in.	1.50
2 to 3 ft.	2.25
3 to 4 ft.	3.00

FRUIT TREES AND SMALL FRUITS

Each

APPLES

2 year \$1.95

Baldwin. Favorite red winter apple; one of the outstanding varieties for eating and cooking.

Cortland. Bright red, like McIntosh, but preferred by many for its superior storing qualities and spicier taste.

Delicious. Large conical, red variety. Keeps well into winter.

Early McIntosh. Long the favorite red autumn apple with crisp flesh and delicious flavor. A best seller for years.

Yellow Delicious. Gold yellow; probably the finest yellow apple. Bears while young. Will keep into April.

DWARF APPLES

2 year 3 to 3½ ft. tall 3.50

Standard size fruit on dwarf trees. The perfect trees for small properties. Will usually bear fruit when younger than standard varieties. We have these varieties—Baldwin, Cortland, Early McIntosh and Red Delicious.

CHERRIES

2 year 5 to 6 ft. 2.85

Black Tartarian. Black, sweet early favorite.

Montmorency. Best red sour cherry for pies and preserves.

PLUMS

2 year 5 to 6 ft. tall 2.25

Abundance. Light yellow fruits of excellent flavor.

Burbank. Dark violet-red, middle August.

PEARS

2 year 5 to 6 ft. tall 1.75

Bartlett. Yellow and red. Fine shape and color, and excellent flavor. August.

Beurre Bosc. Russet-gold, exquisite flavor, bears abundantly in October and November.

Clapp's Favorite. Large, lemon colored fruit with brown dots; flesh rich and sweet. Early August.

Seckel. Deliciously sweet; russet-brown; October.

DWARF PEARS

2 year 3 to 4 ft. 3.50

Bartlett. Golden yellow-red blush.
